Standard Operating Procedures Assessment

Contact us to establish a clear path to effective SOPs

Effective standard operating procedures (SOPs) provide organizations with the foundation for growth. Our business consultants work with organizations to assess and improve their current standard operating procedures (SOPs) for core business processes, such as Marketing, Sales, Planning, Production, Servicing, Purchasing, Human Resources, Accounts Receivable and many others.

VALUE OF SOP ASSESSMENTS:

- ✓ Identify critical business processes that need SOPs
- ✓ Identify deficiencies in current SOPs
- ✓ Determine if current SOPs are aligned with your systems, processes and people
- ✓ Determine if current SOPs support strategic plans
- ✓ Determine if SOPs reflect current operations

OUR PROVEN SOP ASSESSMENT PROCESS:

1. Flowchart existing core business processes
2. Determine if SOPs exist for identified processes
3. Review and analyze existing SOPs
4. Identify deficiencies in existing SOPs
5. Identify SOPs that need to be written
6. Provide recommendations for improvement

CLIENT TESTIMONIAL

"TEDA TPCO America's experience with The ISO 9001 Group has been phenomenal, courteous and professional. They are always willing to adjust to fit our project needs. I recommend The ISO 9001 Group many times when other colleagues ask for companies that provide management system services, such as internal auditing or even consulting. Their consultants are very courteous, professional and eager to ensure that the system at your location is not just compliant to your requirements but also improved on."
