

OSHA Compliance Auditing

We have a 100% Client Certification Rate

Proactively ensuring compliance to applicable Occupational Safety & Health Administration (OSHA) helps protect your employees, eliminate hazards and ensure compliance. OSHA conducts unannounced on-site inspections of the workplace to respond to reported safety hazards. Our health and safety professionals can audit your health and safety programs to proactively address non-conformities and reduce the possibility of costly OSHA citations.

OUR OSHA COMPLIANCE AUDITING SERVICES WILL ADD

- ✓ Proactively comply with OSHA 29 CFR Part 1910 regulations
- ✓ Prevent complaints, citations and fines
- ✓ Be confident in the event of unannounced OSHA inspections
- ✓ Gain an objective view of your OSHA compliance
- ✓ Increase employee safety and health in the workplace
- ✓ Ensure safety and health programs are effectively implemented

THE PHASES THAT MAKE UP OUR TYPICAL OSHA COMPLIANCE AUDIT ARE:

1. Assess applicable sections of 29 CFR Part 1910 to client's operations
2. Utilize 29 CFR Part 1910 audit checklist
3. Facility tour
4. Employee interviews
5. Work site observations
6. Providing assistance to employees at the point of audit
7. Identify of nonconformities, hazards and opportunities
8. Provide suggested corrective actions
9. Issue final report

CLIENT TESTIMONIAL

"When we began working with The ISO 9001 Group, the system we had in place did not have the ability to reach the goals that we wanted. With their support, we started to develop a more mature system which is now compliant and aligned with PRT Offshore's vision. I would definitely do business with The ISO 9001 Group again and recommend them to other companies without hesitation. We greatly appreciate the efficient support that we have received. We look forward to continue working together in the future."
